

Albert [Nume]

Mission: Aerospace Engineering · Estimated launch: 2030

[email]
albertveexus.org

I'm Albert, a 9th grader at the International Computer High School of Bucharest, in the special class for olympiad students. I'm fascinated by everything that flies and everything that runs on rails. Destinations: TU Delft · MIT · TUM.

EDUCATION

International Computer High School of Bucharest (ICHB)	2025 →
9th grade · special olympiad class · mathematics & computer science track	
[Middle school]	2021–2025
Grades 5–8 · [GPA / relevant mentions, optional]	

ACHIEVEMENTS & AWARDS

2nd place nationally · National Olympiad of Scientific Creativity	2025
Grade 8 · National stage · [project presented]	
Bronze medal · Astronomy & Astrophysics Olympiad	2023
Grade 6 · [stage: county / national]	
Bronze medal · Informatics Olympiad	2022
Grade 5 · [stage]	

ACTIVITIES & VOLUNTEERING

Participant · School olympiads (Informatics, Astronomy, Scientific Creativity)	gr. 5–9 · [ore] h/week
Sustained preparation for 3 olympiads; 2 bronze medals and 2nd place nationally in scientific creativity.	
[Role] · [Organization / club]	gr. 9 · [ore] h/week
[Action verb + what he did + result with numbers. Max 150 characters.]	

PROJECTS

[Scientific Creativity project]	[tehnologie], [tehnologie]
[One sentence: what it does, what problem it solves]	
[Programming project]	C++, GitHub
[One sentence]	
This website	Astro, GSAP, Git
Interactive CV built with Astro + GSAP; I maintain the content myself through GitHub. — github.com/VeexuS/albert-site	

SKILLS & LANGUAGES

C++ ([level]) · Python ([level]) · Algorithms ([level]) ·
Astrophysics (basics) ([level])
Scientific thinking · [soft skill]
Romanian (native) · English ([level, e.g. B2]) · [German
/ other] ([level])

INTERESTS & HOBBIES

Space & rockets — [One sentence by Albert: why,
since when, what he follows]
Trains & railways — [One sentence]
Astronomy — [One sentence]
[New hobby]
